

A POWERTEAM SERVICES COMPANY

We are an Essential Critical Infrastructure Provider

At Volt Power, our employees are proud to provide essential services to minimize any disruptions you may experience to your natural gas, electricity and telecommunications service for customers and the community at large.

During storms, hurricanes and even pandemics, our work doesn't stop. Our job is to ensure we service our customers, without interruption, so that their utilities reach the communities where we live and work.

The President's Coronavirus Guidelines for America

15 Days to Slow the Spread

Volt Power has been designated as an Essential Critical Infrastructure Provider by the U.S. Department of Homeland Security. The President of the United States has declared that we have a responsibility to maintain our normal work schedule and follow CDC guidance to protect our employees and customers health while at work.

AT VOLT POWER, WE KEEP...

Lights On

Homes Warm and Cool

Loved Ones Connected
